WHAT MEN'S CLUB MEANS TO ME

My participation in the Men's Club provides me the opportunity to practice the important values that form the core of who I am and guide how I live and work – service, expertise, community and fun! I am deeply committed to serving the communities within which I live. The donation of my time is minimal compared to the rewards I receive in return: both enriching and developing new relationships along with the Men's Club personal growth. It is my privilege and honor to be involved with this fine group.

REASON FOR THE AWARD

The Men's Club of Har Zion is privileged to honor Douglas Sayer and we congratulate him as being chosen with our co-president Jack Marine as this year's co-honoree - Doug is joining a very distinguished and dedicated group of men.
