WHAT MEN'S CLUB MEANS TO ME

Men's Club is an opportunity to socialize – and sometimes pray – with a group of men who have the same religious beliefs. The socialization allows for networking professionally and for the exchange of ideas whether they are political, sports-minded or giving back to the community.

REASON FOR THIS AWARD

Josh (AKA - Calvin or Al K-lein) is an exceptional husband, fantastic father and amazing friend to all.

He is kind, honest and loves each day to its fullest with the highest of ethics and morals.

Josh has lead the softball team for years. What we enjoy most about the softball league is his great commentary about each game played. It reads like an account from the Inquirer with terrific humor. He is always there for Friday morning Men's Club minyan. He is a terrific organizer for our most important fundraiser, the Har Zion golf outing. He does the heavy lifting for this event and is detail oriented.

Josh loves sporting events such as college basketball, and we're gone to games as his guest. Always fun. Josh is an important cog in the wheel of MC. You can depend on him. He is always reliable and consistently there in a leadership role.
