SIGNIFICANT ACCOMPLISHMENTS IN MEN'S CLUB

- Supported BookSmiles (a 501(c)3 that provides books to underserved children in New Jersey and Philadelphia) by building Free Little Libraries to distribute books throughout Southern New Jersey
- Created and led Brewing Trouble event to brew beer with Men's Club in preparation for Simchat Torah
- Organized large Sukkot celebration bringing many generations of members together

Continued on next page

FAVORITE MEN'S CLUB PROGRAMS

Two of our best, Steak and Scotch in the Sukkah and building Free Little Libraries for BookSmiles. Both events bring different generations of the men of our community and get them interacting, sharing their stories, and building a stronger community.

WHAT MEN'S CLUB MEANS TO ME

I love that Men's Club brings all generations of the community together. From our social events like Torah on Tap to community outreach events, we bring men of all generations and walks of life out to serve our community, build relationships, and strengthen our spiritual home for generations to come.

REASON FOR THIS AWARD

Adam has been a significant contributor to many of the Men's Club's efforts while a member of our community. He and Amanda led the Mishloach Manot project at Beth El, Men's Club and Sisterhood's major fundraiser, for several years. He has injected new ideas for recruitment and events into the club both in his time on the recruiting committee and as President. As president, he's supported the community and BookSmiles, continued high-quality programming, and created new opportunities for the men of our community.
