WHAT MEN'S CLUB MEANS TO ME

Men's Club has provided a wonderful opportunity for me to get together with a great group of guys at least once a month to socialize, support our Temple, promote Jewish education, advocate for the State of Israel, and do social action programs that have benefited our temple and community.

REASON FOR THIS AWARD

Larry should be awarded our Man of the Year award from Temple Beth Hillel-Beth El is because of his overall leadership and concern for others in our community. Larry served as past co-president of our Club. He provides well balanced advice, is able to solve and resolve issues both inside and outside our Club, is very well-read from a Judaic perspective, leads services, is a fantastic orator, and is always willing to help with any function or program. He has a great understanding of how Judaism should function, and he lives those values in his life day in and day out. He is a wonderful father and husband to his family. He is very deserving of this honor, and our Club and Larry's family look forward to celebrating and recognizing a really great, sincere individual.
